The Premium Series has great cellaring potential, having already been cellared for several years before release. Something really special is The Johns Estate Reserve range, personally selected by the winemaker. The winemaker has even offered to sign the reserve range labels if you would like him to.

This offer is open to all your family, friends, and acquaintances so please publicise this unique opportunity as widely as possible. The fundraiser will be ongoing so please encourage them to order as many times as they like.

Simply fill out the Falcons Order Form and post, fax or email to Yering Farm Wines. The wines will be despatched via Australia Post directly to you.
